6. Sample repository.

The screenshot shows the 'Create a new repository' page on GitHub. The browser address bar shows the URL `https://github.com/organizations/cefeb2019/repositories/new`. The page title is 'Create a new repository' with a subtitle 'A repository contains all project files, including the revision history.'

The 'Owner' is set to 'cefeb2019' and the 'Repository name' is 'orgdemofeb2019', which is marked as valid with a green checkmark. Below this, a message says: 'Great repository names are short and memorable. Need inspiration? How about shiny-octo-memory?'

The 'Description (optional)' field is empty. The visibility is set to 'Public' (radio button selected), with a note: 'Anyone can see this repository. You choose who can commit.' The 'Private' option is also available with a note: 'You choose who can see and commit to this repository.'

The 'Initialize this repository with a README' checkbox is unchecked, with a note: 'This will let you immediately clone the repository to your computer. Skip this step if you're importing an existing repository.'

At the bottom, there are two dropdown menus: 'Add .gitignore: None' and 'Add a license: None'. A green 'Create repository' button is at the bottom.

The Windows taskbar at the bottom shows the search bar, task view button, and several application icons (Edge, File Explorer, Chrome, etc.). The system clock shows 9:04 PM on 2/27/2019.

7. Give access to the people you work with

The screenshot shows the GitHub repository page for 'cefeb2019 / orgdemofeb2019'. The browser address bar shows the URL `https://github.com/cefeb2019/orgdemofeb2019`. The repository has 1 watch, 0 stars, and 0 forks.

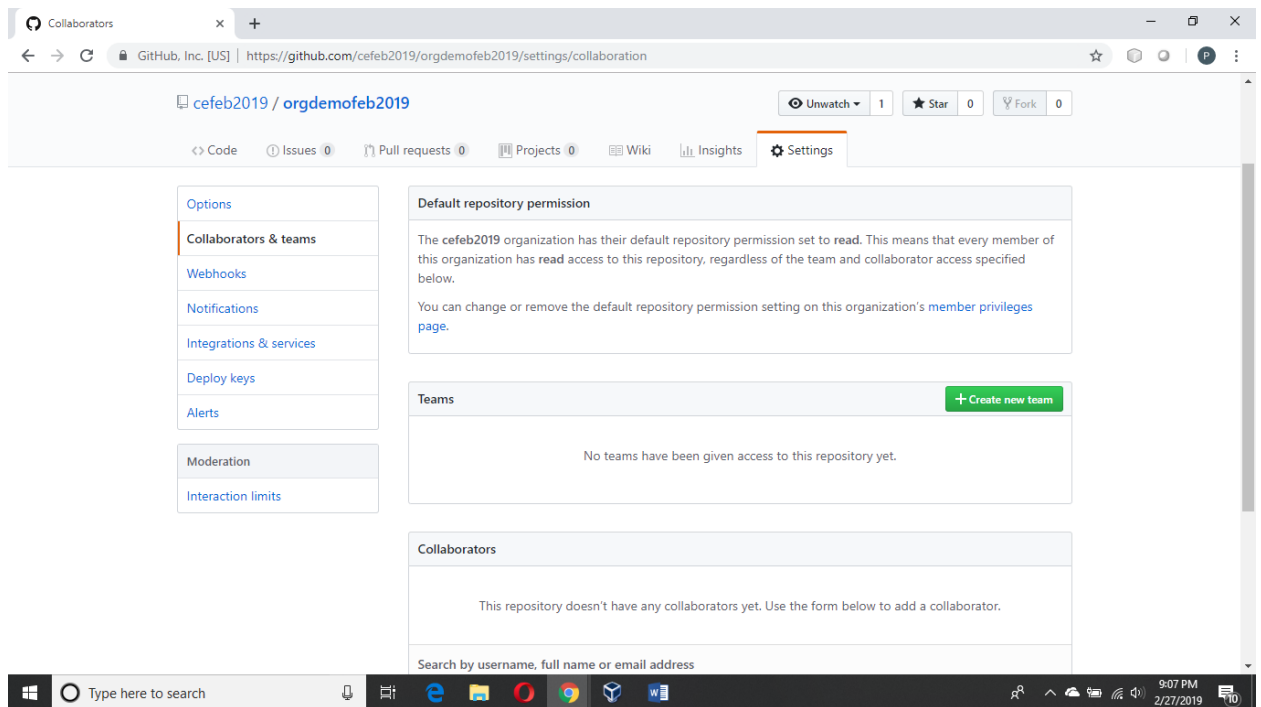

The 'Code' tab is selected. Below the repository name, there is a section titled 'Give access to the people you work with' with a subtitle 'You should give access to the collaborators and teams you need to work with.' and a green button 'Add teams and collaborators'.

Below this is a 'Quick setup — if you've done this kind of thing before' section. It shows the 'Set up in Desktop' button and the 'HTTPS' URL `https://github.com/cefeb2019/orgdemofeb2019.git`. A note says: 'Get started by creating a new file or uploading an existing file. We recommend every repository include a README, LICENSE, and .gitignore.'

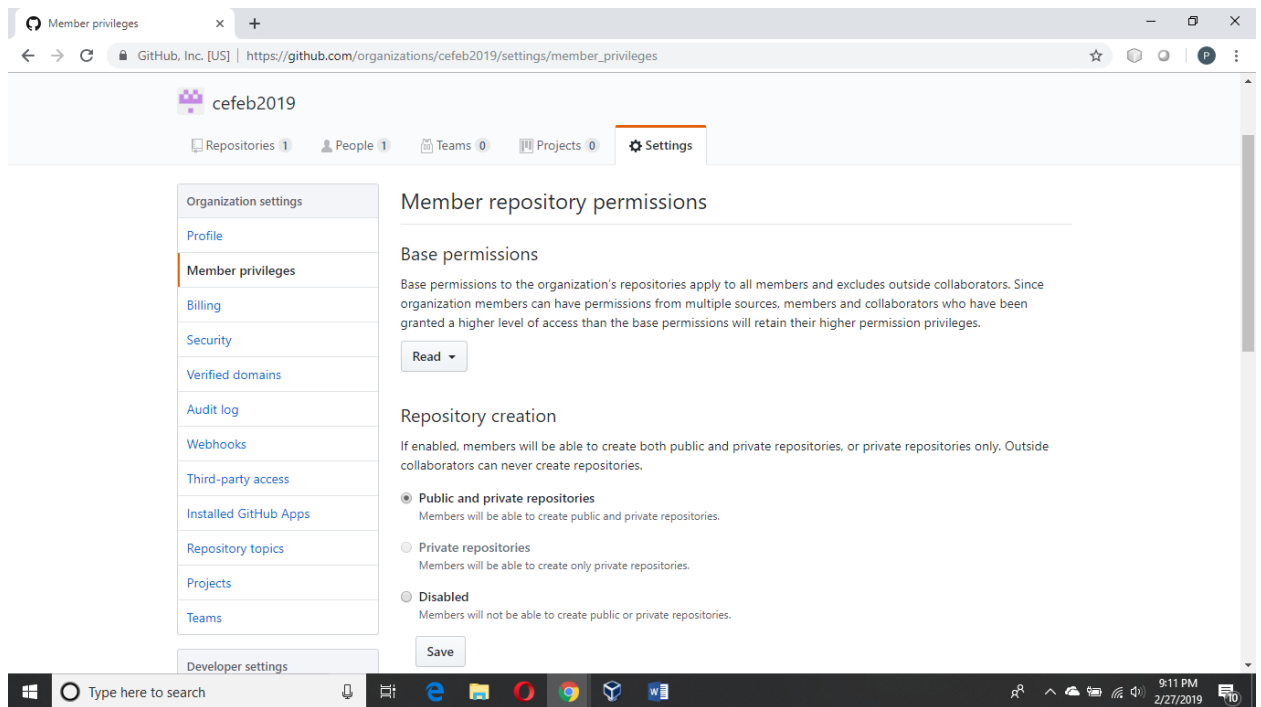

Below that is a section titled '...or create a new repository on the command line' with a code block containing the following commands:

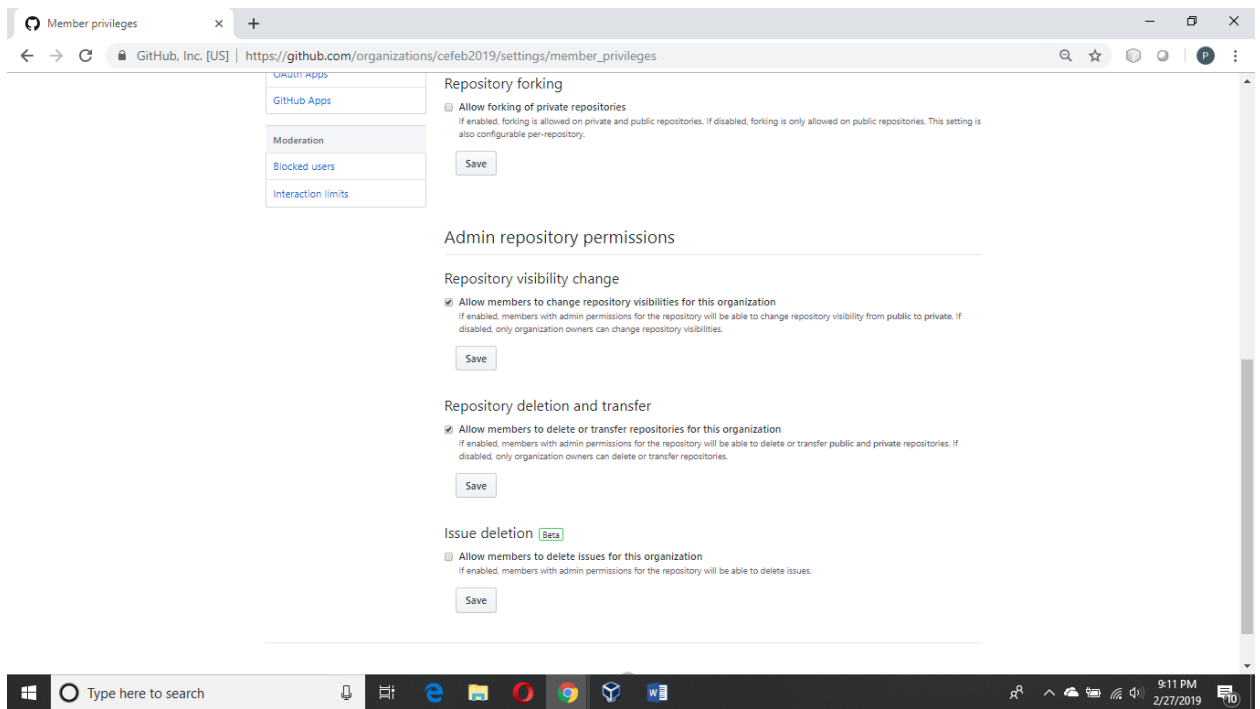

```
echo "# orgdemofeb2019" >> README.md
git init
git add README.md
git commit -m "first commit"
git remote add origin https://github.com/cefeb2019/orgdemofeb2019.git
git push -u origin master
```

The Windows taskbar at the bottom shows the search bar, task view button, and several application icons (Edge, File Explorer, Chrome, etc.). The system clock shows 9:05 PM on 2/27/2019.

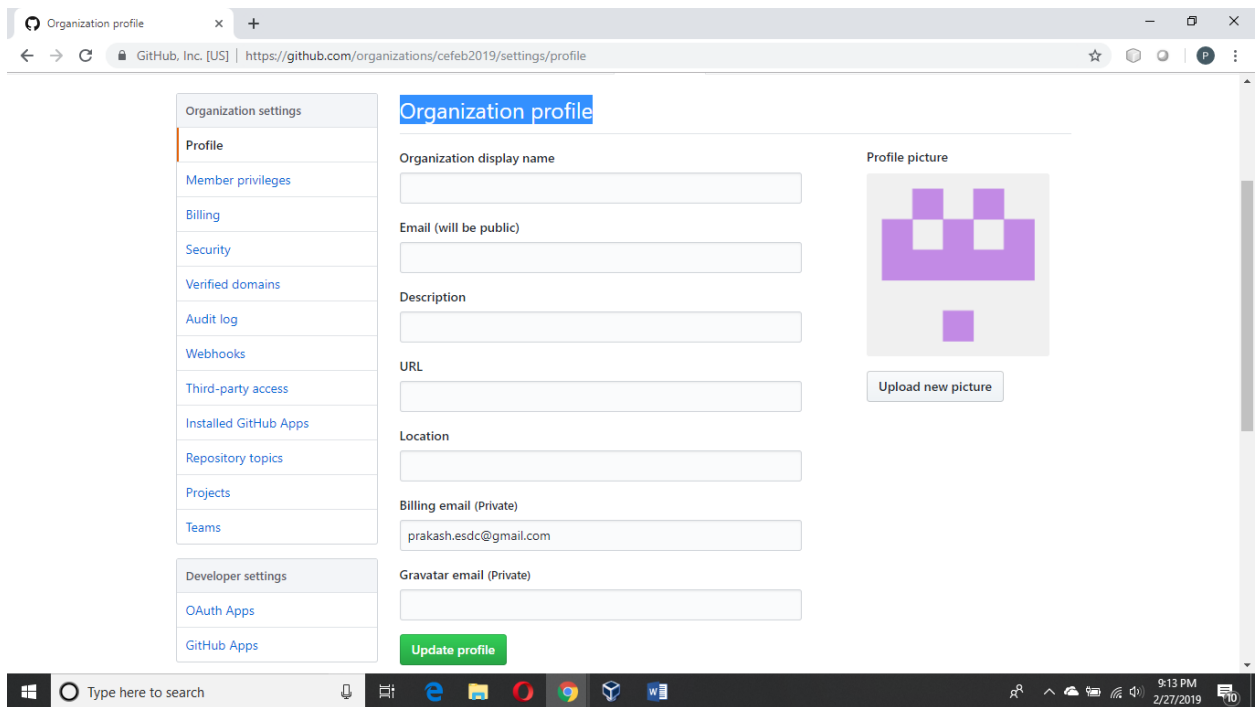

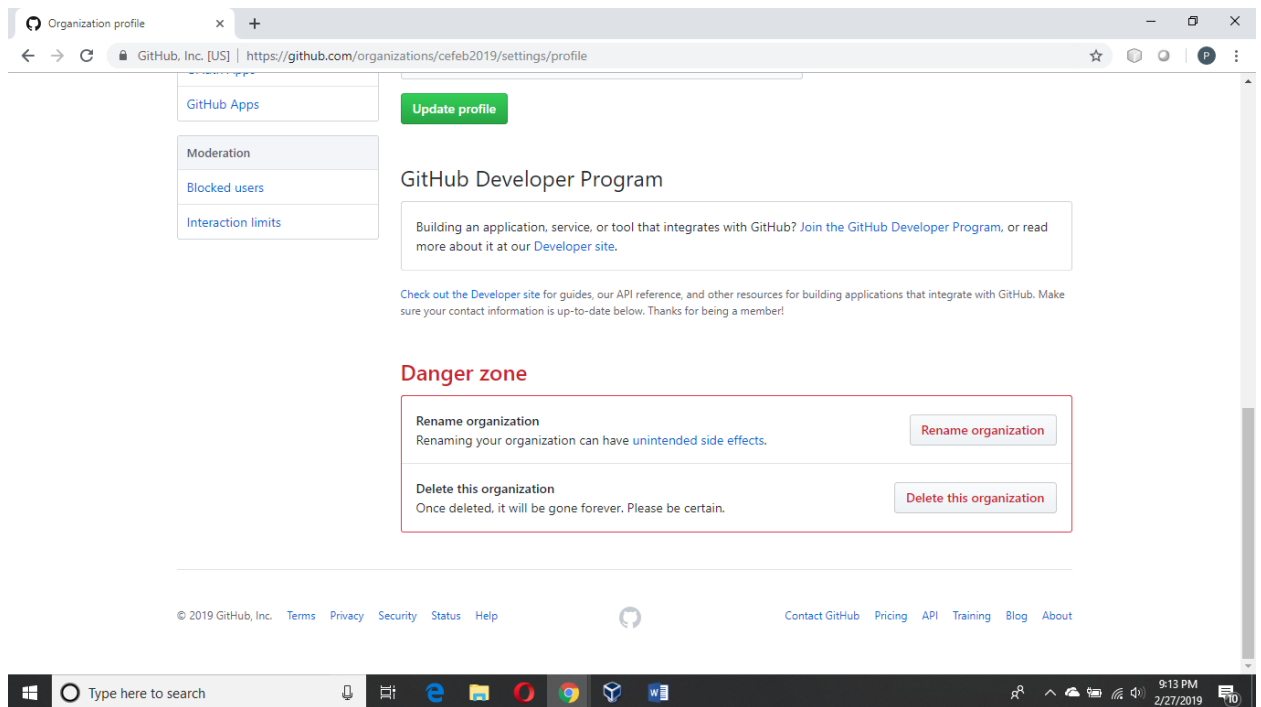

8. repository permission

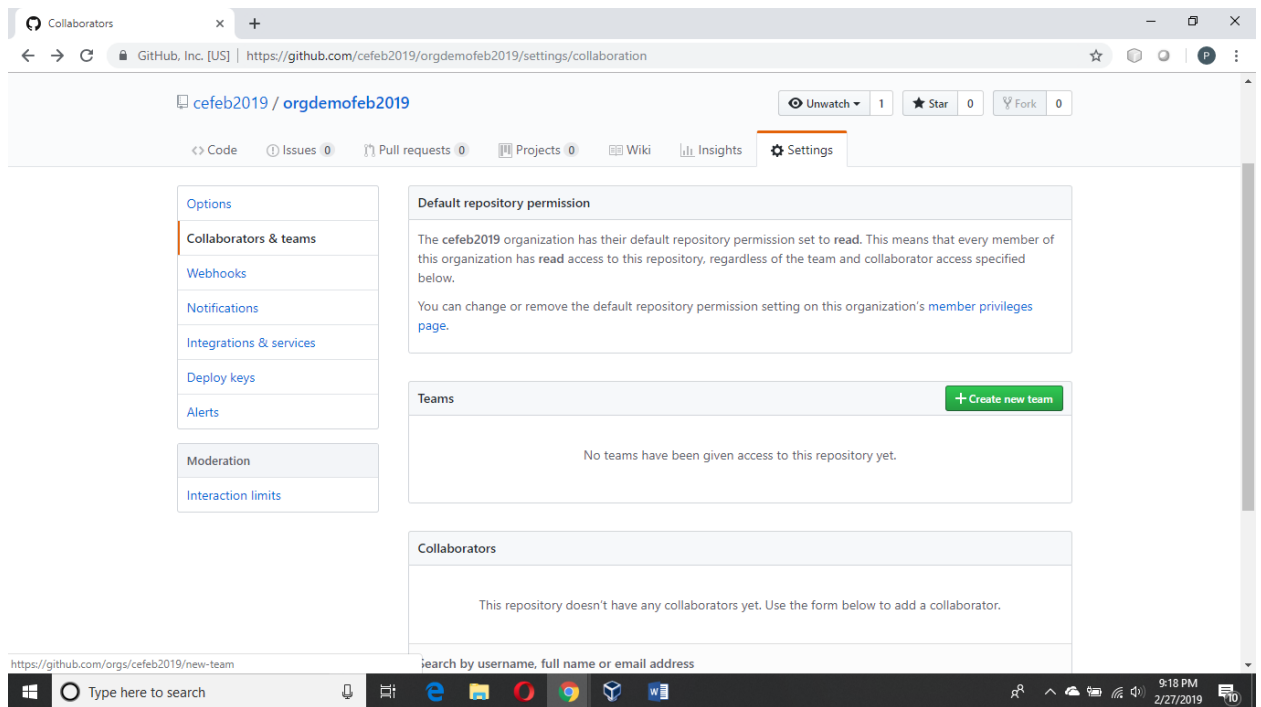

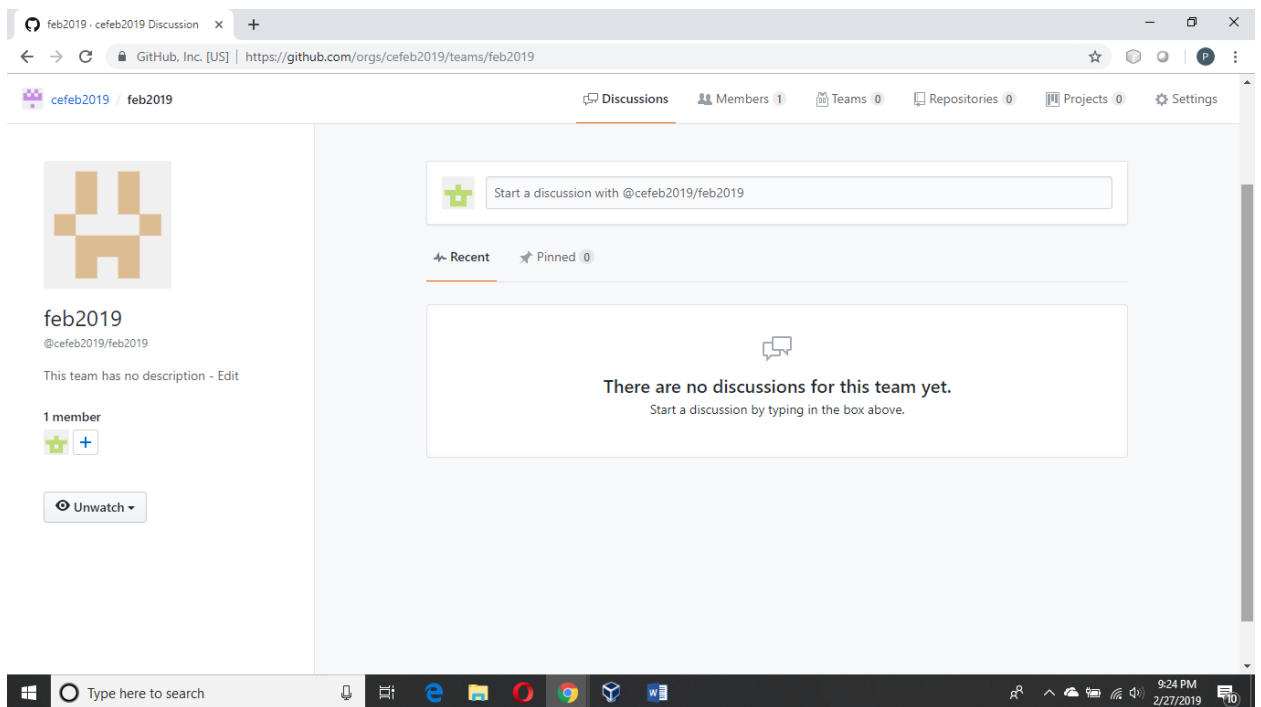

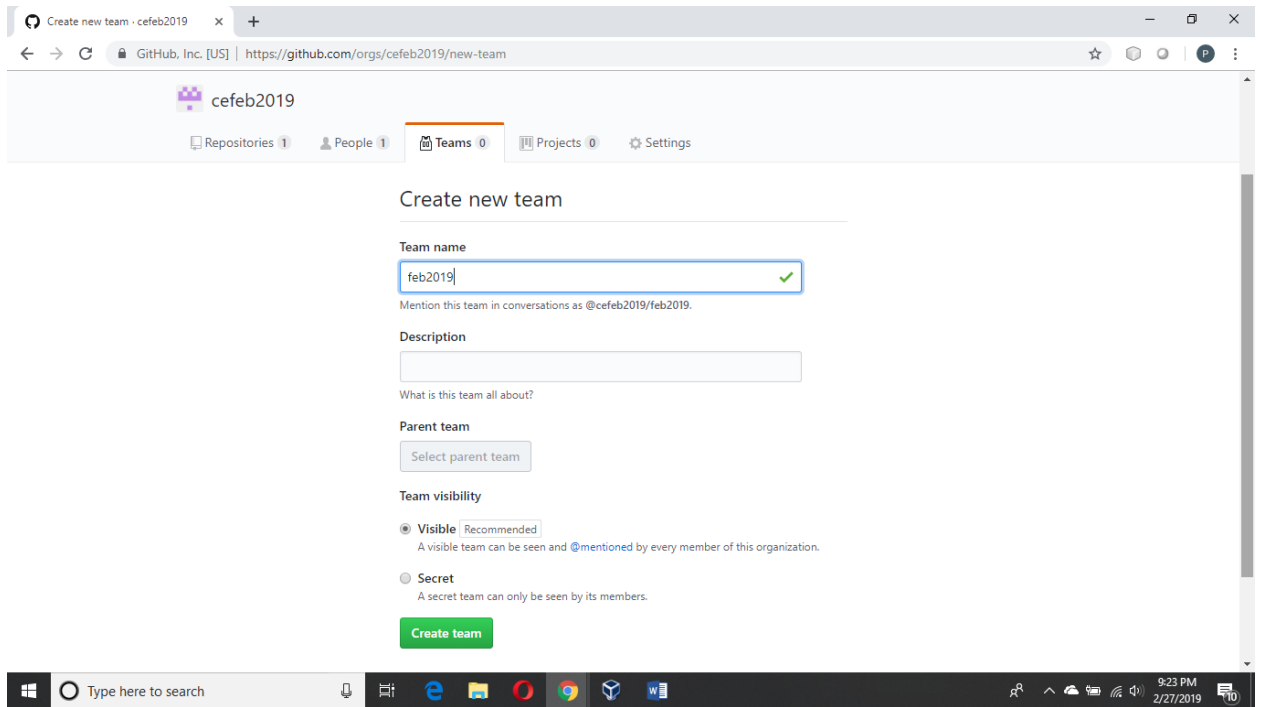

9. Organization profile

10. Create new teams

11. To create additional repositories as part of organization.

The screenshot shows the GitHub organization page for 'cefeb2019'. The page has a header with the organization name and a navigation bar with tabs for 'Repositories', 'People', 'Teams', 'Projects', and 'Settings'. Below the navigation bar, there is a search bar for repositories and a 'Type: All' dropdown. The main content area displays a list of repositories, with 'orgdemofeb2019' being the first one, updated 22 minutes ago. To the right, there is a 'People' section showing 'prakaram' (Prakash Ramamurthy) and an 'Invite someone' button. A modal dialog titled 'Customize your pinned repositories' is open in the center of the screen. The dialog has a close button (X) in the top right corner. It contains a search bar labeled 'Filter repositories'. Below the search bar, there is a list of repositories with checkboxes. The first item is 'orgdemofeb2019' with a checked checkbox and '0 stars'. Below the list, it says '5 remaining'. At the bottom right of the dialog is a green button labeled 'Save pinned repositories'. The background of the page is dimmed. The Windows taskbar is visible at the bottom, showing the search bar and several application icons. The system clock in the bottom right corner shows 9:27 PM on 2/27/2019.

12. To search for repositories.

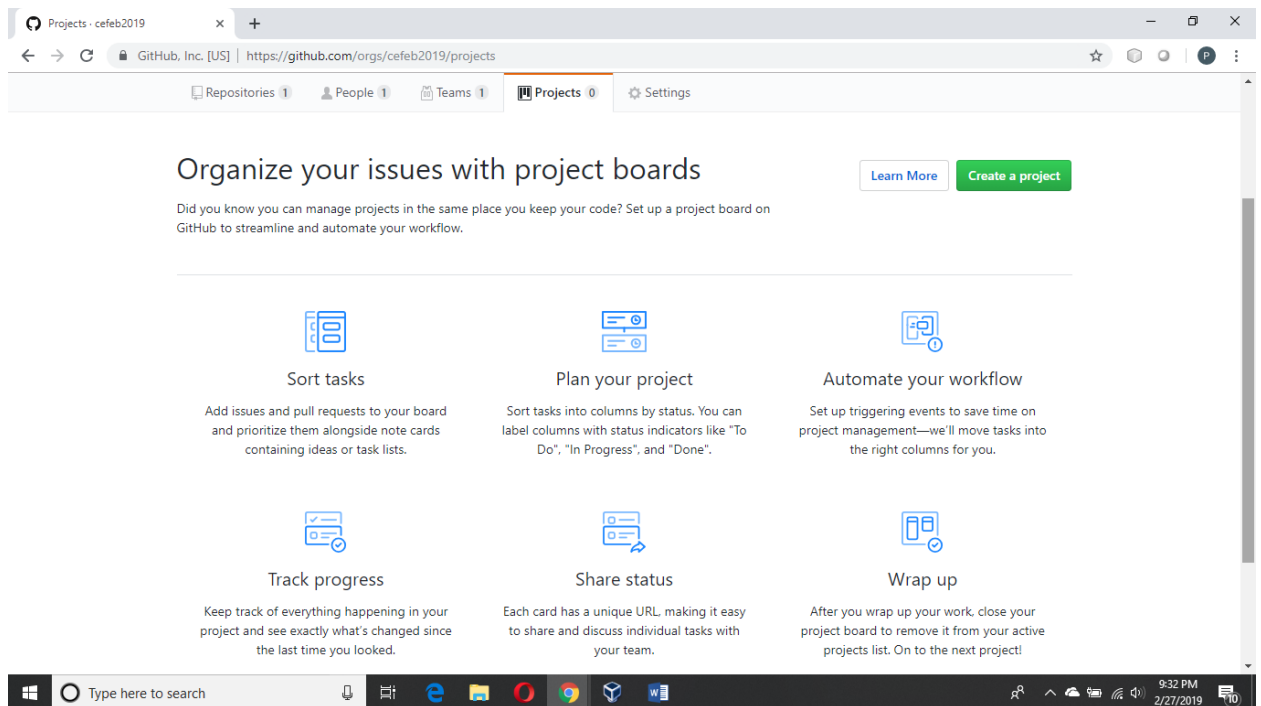

13. To invite other members to join organization

14. To create additional teams.

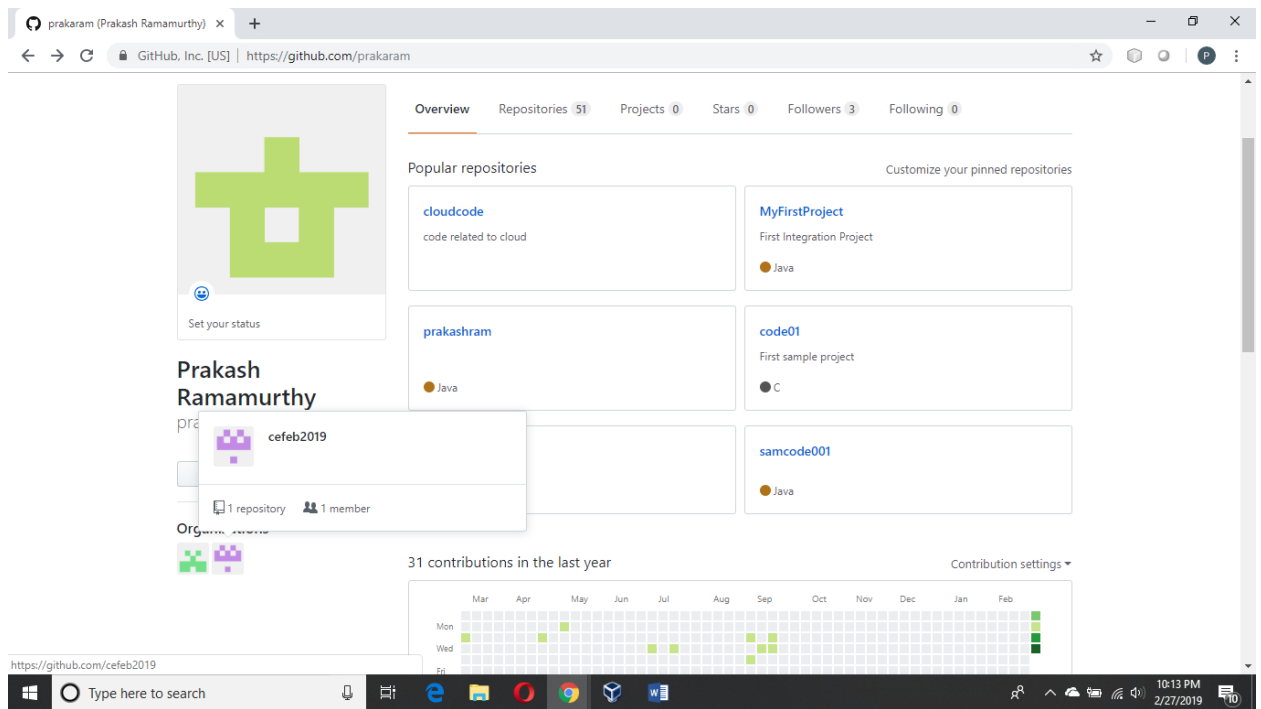

15. Creating Projects:

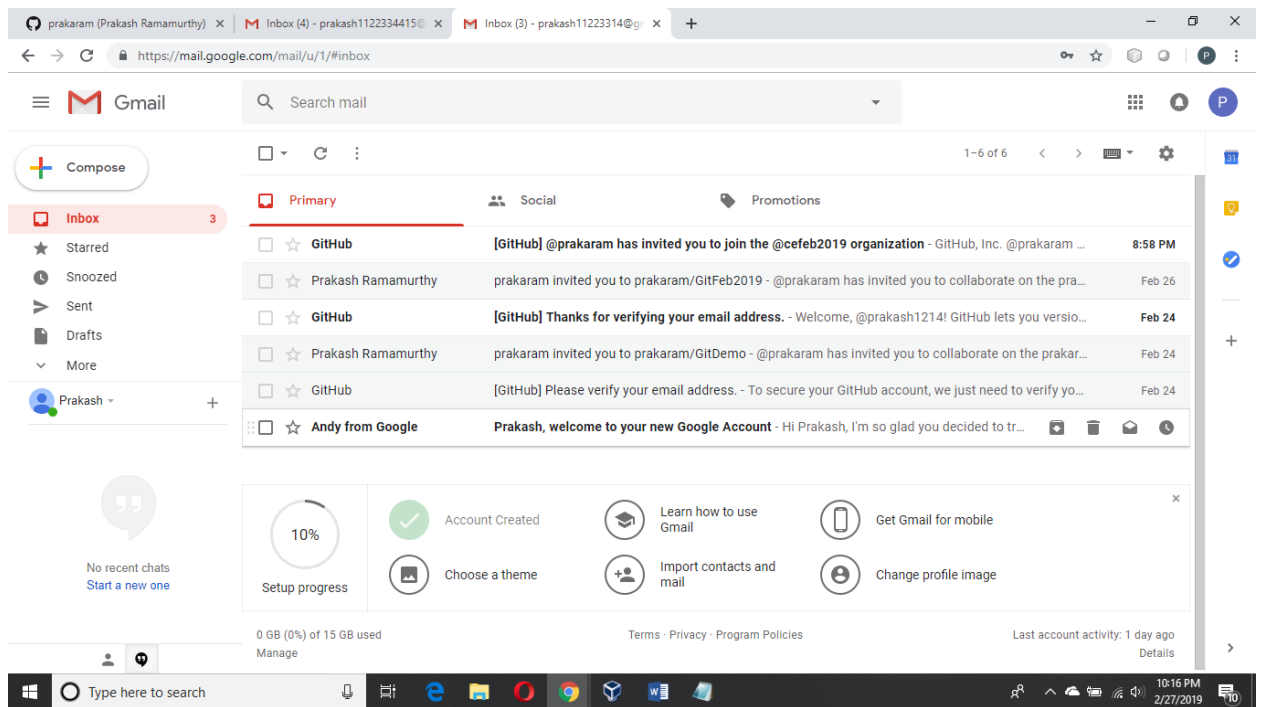

16. IN YOUR ACCOUNT:

This screenshot shows the GitHub profile page for user 'prakaram' (Prakash Ramamurthy). The browser address bar shows 'https://github.com/prakaram'. A pink warning banner at the top states: 'The password you provided is weak and can be easily guessed. To increase your security, please change your password as soon as possible. Read our documentation on safer password practices.' The profile section on the left includes a green placeholder avatar, the name 'Prakash Ramamurthy', the username 'prakaram', and an 'Edit' button. The navigation bar shows 'Overview' as the active tab, with counts for Repositories (51), Projects (0), Stars (0), Followers (3), and Following (0). A dropdown menu is open from the user's profile icon, showing options: 'Signed in as prakaram', 'Set your status', 'Your profile' (highlighted), 'Your repositories', 'Your projects', 'Your stars', 'Your gists', 'Help', 'Settings', and 'Sign out'. The 'Popular repositories' section displays five repositories: 'cloudcode' (code related to cloud), 'prakashram' (Java), 'project01' (Java), 'MyFirstProject' (First Integration Project, Java), 'code01' (First sample project, C), and 'samcode001' (Java). The Windows taskbar at the bottom shows the search bar and various application icons.

This screenshot shows the same GitHub profile page for 'prakaram', but with the dropdown menu closed. The layout is identical to the previous screenshot, including the warning banner, profile information, repository list, and Windows taskbar. The 'Your profile' option in the dropdown menu is no longer highlighted.

17. Receiving the invitation.

18. Invitation Mail.
